

### Students of PV College to Tour Mexico 2 Weeks

Palos Verdes College's lower division students leave their campus studies for two weeks this Sunday, to take up study in the field.

Leaving campus Sunday morning they will drive in a caravan of private automobiles to Tijuana, where at 3:45 they will board for Mexico City. On arrival they will be met by chartered buses and taken to their hotel for a morning's rest before starting out, Monday afternoon, on the travel-study activities.

Among the Mexican cities and towns to be visited are Cholula, Puebla, Oaxaca, Taxco, Cuernavaca, and Mitla, in addition to Mexico City and Tijuana. There they will study Mexican developments in housing, education, government, arts and crafts, history, and archeology.

During the weeks of school preceding the travel period the students have had special lectures on Mexico, and on their return they will be examined on the knowledge gained on the tour.

Accompanying the group of 28 students are Frank B. Weir, vice-president and instructor in art, and Ethel Watt, instructor in languages at Palos Verdes College.

### Church to Host World Traveler

"Without Christ — Man Alive You're Dead!" will be the topic to be discussed by Dr. Thompson Eade, assisting minister at Angelus Temple, who will address the congregation of the Four-square Church, 1207 El Prado, Sunday at 7:30 p.m.

Dr. Eade, a world traveler, lecturer, author and faculty member of the LIFE Bible College, will speak as a climax to Youth Challenge Week at the church.

A special musical program has been planned and will be presented by the young people of the church.

The pastor, the Rev. James P. Lowen, has extended an invitation to all to attend a showing of the film "De Shazer," which will be shown tomorrow night at 7:30. It tells the story of one of the Doolittle raiders who spent 40 months in a Japanese prison camp and returned to become a missionary to that land.

### Three Torrance Men Head Drive

Three Torrance residents have been named to the executive committee of General Petroleum Corporation's combined charity drive.

They are Vernon C. Vance, 1957 Plaza del Amo; Paul A. Narveson, 1823 Date Ave.; and I. O. Kasten, 1222 Acacia Ave.

Vance will serve as chairman of the committee for the employees' "Give One" plan of combined giving, with Narveson as financial secretary. Both men are employed at the Torrance refinery. Kasten will act as representative for the Pipe Line Department from his headquarters at the Ford Leases.

The committee hopes to top last year's record when General Petroleum employees in Southern California gave \$48,000 to 85 different charities of their individual choice.

### Water Agencies Being Solicited

Water producing agencies in the West Basin area are being solicited this week in order to obtain money to continue the fresh water barrier test, Carl Fossette, Basin news chairman, reported this week.

More than 30 agencies will receive letters describing the barrier test and a brochure detailing the injection operation. The Association finance committee is to meet again on Wednesday, Nov. 4, at 10 a.m., after contacting these agencies.

The LA Board of Supervisors have been asked to authorize the Flood Control District to continue the operation of the barrier test until June 30, 1954, using water purchased with Association funds.

### Movies Shown At Alondra

Cartoons and full length movies are shown for one-and-a-half hours each Saturday morning beginning at 10 a.m. at Alondra Park in the Task Force Bldg., 3612 W. Manhattan Beach Blvd., and all are invited, it was announced this week.
